Good morning Colin, Gary,

I hope you are both well.

Our land team updated me that the meeting with CCBC planning officers last week was very helpful.

Owing to the impasse we are at in acquiring the land through negotiations with the landowner, the meeting sought CCBC support in developing a mechanism for TfW to progress a compulsory Purchase Order. In tandem we are also exploring whether we could move the site compound off the CSH site.

We are waiting for confirmation from CCBC on the CPO process and will then approach CSH on this; we are hoping to do this as soon as possible.

We will be sure to write to you shortly, with an official update from James.

Lois
